

MUSHROOM COLLECTION

Mushroom è una pelle che si ispira alle forme naturali ma al contempo contiene elevata innovazione tecnologica. Prodotta con macchinari ad alta precisione, la pelle è tagliata in sottilissime lamelle che producono effetti di tridimensionalità.

Mushroom is inspired by natural shapes but it is also highly innovative in terms of technological content. The leather is cut into ultra-fine films which produce an ever-changing three-dimensional effect. The leather mimics the luxurious feel of velvet on leather.
